ASSESSMENT APPEAL POLICY

Policy # 3
Date Approved November 13, 2006

Title: Presumption of Correct Assessment - Commercial/Industrial/Income Producing Properties

Presentation:

Due to the complex nature of all Income Producing Property Appeals, it is important that the Board of Assessment Appeals establish rules and procedures for applicants to submit and present evidence of valuation for all tax hearings. Additionally, the City Assessor will provide advice and guidance to the Board on technical appraisal/assessment issues for each case heard.

Below are the fundamental issues that must be understood in order for the Board to render a fair and equitable decision to both the taxpayer and the City of Dover:

1. The Board and the Office of City Assessor operates under the assumption that the assessment is correct and the burden of proof shall be on the applicant to show that the assessment is not correct.
2. The Board and the Office of City Assessor execute their respective duties and responsibilities consistent with the laws of the State of Delaware and the City of Dover's Charter and related Tax Ordinances.
3. The professional standards of appraisal and assessment are of those of the International Association of Assessing Officers (IAAO) , the Appraisal Institute (AI) and the Uniform Standards of Professional Appraisal Practices (USPAP) dated July 2006, of the Appraisal Foundation, as authorized by the United States Congress, as the source of Appraisal Standards and Appraiser Qualifications.
4. All commercial/industrial/income producing property appeals shall have, as the basis of their evidence, a summary appraisal report prepared and submitted for Ad Valorem tax relief, and must be in compliance with the aforementioned USPAP standards.
5. All appraisals submitted for Property Tax Appeal hearings shall name the City Assessor and the Board of Assessment Appeals as the "intended users".¹
