

Private Outdoor Lighting

The initial term for lighting service shall be for (2) years. The City may require a fee if the installation is removed prior to the two year term. Where service is not associated with a metered service, a customer charge of \$7.50 for residential and \$22.50 for commercial lights will be added. A per pole charge will be assessed if a pole is needed.

- The City will perform maintenance during normal working hours within a reasonable period following notification.
- To place an order for private outdoor lighting contact Customer Service at 302-736-7035.
