New Hartford Highway News from Highway Superintendent Richard Sherman

The 2018 Season Dumpster – Drop-Off Collection Schedule is almost complete and our program this spring is expected to begin April 2nd for drop off items at the Highway Garage and to purchase tags for the Highway Crew to pick up items at your home. Remember if you want items picked up you must see the Town Clerk and purchase a tag by Friday March 30th for Monday April 2nd pick up. The cost will remain the same as last year \$5.00 per item. The Town Clerk's Office is open Monday-Friday 8:00am to 4:00pm. Additionally, we will have the dumpster drop off along with the tag pick up for the months of April, May, July, August, and September.

The month of June will be suspended for tags and the drop off at the Highway Garage for trash, as curb side pickup throughout the town will take place the month of June. For curb side pick-up Area A will be the week of June 4th through June 8th. So please have your trash out in front of your residence by Sunday evening June 3rd. Area B will be the week of June 11th through June 15th have your trash out on Sunday night June 10th. Area C will be the week of June 18th through June 22nd. Please have your trash at the curb side by Sunday night June 17th. Area D will be the week of June 25th through June 29th. Please have your trash at the curbside by Sunday night June 24th. Please adhere to the weekly schedule of that area that you live in so trash is not out all over the town the same time period.

Another change in the Highway Department this upcoming season is the way the Highway Department picks up the brush. There will not be a schedule for picking up brush. The new system will be that the crews will be in front of your residence weekly not every two weeks like in the past. The town has purchased two new pieces of equipment (compactors) that will split the town in half. Each truck will be responsible for half of the town. One truck will do Area's A & C and the second truck will do Area's B&D. The Highway Department is asking every residence to use containers (garbage cans) for the brush (branches) etc. and green waste so that the container can be dumped in the compactor. The larger tree limbs can be 6" in diameter and 6-8' in length. Place the limbs in a neatly pile at the edge of the roadway. If you have a tree come down that is larger, call the Highway Department to schedule an appointment and we will stop by with the new chipper and chip the larger limbs. The heavy pay loaders with clam buckets will no longer be picking up the brush making lawn divots and road divots with the bucket. The pay loaders not on the street with save wear and tear on these machines.

Please do not put out any rocks, metal of any kind or debris in the brush and green waste piles or they will not be picked up. With everyone cooperation to these changes in the programs and working with the Highway Department we can keep our streets clean and safe.

Finally, please don't hesitate to email anytime with questions or issues at rsherman@town.new-hartford.ny.us or my cell at 315-534-2998.
