Authorization to Sell – Purchase New Trucks

On behalf of the Highway Superintendent, Councilman Messa initiated discussion with regard to three (3) plow trucks, two (2) of which will not pass inspection; these dump trucks are 19 and 22 years old, and would like to put them out of service. Per Councilman Miscione, the third dump truck, a 2004 International cannot be repaired again. The Town Supervisor asked how many plow trucks the Town has now, how many the Highway Department actually needs, the number of plow routes, and verification that the 10-year old International “money eater parts” “is shot” already. The Highway Superintendent stated that the 2004 International is a 4-wheel drive 4 X 4, light-duty truck that wasn’t “spec’d” right at the time of purchase; this vehicle covers Sherman Drive, Tilden Ave and the Sherman Hills part of Town and it “sits nine (9) months of the year because it is 4-wheel drive.” Discussion included repairing vehicles vs bonding vs leasing, the amount of money the Town might expect to realize by selling the aforementioned vehicles, and the Highway Department’s 2016 operating budget.

Thereafter, Councilman Miscione moved the adoption of the following Resolution; seconded by Councilman Messa:

(RESOLUTION NO. 66 OF 2015)

RESOLVED that the Town Board of the Town of New Hartford does hereby authorize the Highway Superintendent to sell the following vehicles through Auctions International, with the proceeds to go toward the purchase of two (2) new trucks:

<u>Year</u>	<u>Make/Model</u>	<u>VIN</u>

1996	International Dump Truck	1HTGKAER2TH342077
2005	International Dump Truck	1HTWMAZR85J007627

And be it

FURTHER RESOLVED that once the aforesaid vehicles are sold, the Town Clerk’s office shall be notified and shall arrange to terminate insurance coverage on said vehicles; and be it yet

FURTHER RESOLVED that the Highway Superintendent is hereby authorized to acquire two (2) new dump trucks to be financed through a five (5) year lease with Municipal Leasing Consultants, 7 Old Town Lane, Grande Isle, Vermont 05458, pursuant to the terms and conditions set forth in said lease to be attached hereto as Schedule “B”.

MATTERS SUBMITTED BY TOWN SUPERVISOR

Finance:

Audit – Fiscal Year 2014

Finance Director Dan Dreimiller reported that the Town's 2014 audit report and financial statement is being finalized and everything went well, with no major new findings identified. Copies will be distributed to Board members during the week of April 13, 2015 and he encouraged the Board members to review the report and contact him with any concerns they might have. The audit includes the New Hartford Public Library as well.

Accounting Department – Account Clerk pending vacancy

The Finance Director reported that about twenty (20) resumes have been received for the pending vacancy in the Account Clerk position held by Janice O'Sullivan who will be relocating to another state. The deadline for submitting resumes has been extended until Friday, April 17, 2015, after which interviews will commence.

Unfinished Business:

Governor's Storm Water project - FEMA

Supervisor Tyksinski noted that about twenty (20) applications for the home buy-out through the Governor's Storm Water project for homes that have been subject to flooding have been mailed to property owners who are interested. Seven (7) applications have been filed in the Supervisor's office, which expects another couple applications on or before the deadline of Friday, April 10, 2015. The Town Supervisor noted "...that's not to say the Town Board can't stop the process at any time." He has verified with the Governor's office that if property is purchased under this program, the title to the land goes to the Town and once acquired by the Town cannot be sold, nor can a building be erected on it, at least not a large one like a highway or police department structure. If a small park were established, something small like a public bathroom could be feasible. The majority of the applications received are from Oneida Street property owners along

Sauquoit Creek. If approved, money would be available to cover moving tenants to a new location, demolishing the structure, and leveling off the ground, leaving a cleared lot. Discussion ensued whether the Town would then be able to either repair the existing, deteriorating stone wall along Sauquoit Creek or use riprap to replace it. The Town Attorney offered that the Town might consider creating a storm water facility on the lot. The Town Supervisor's office will mail all applications received to the Governor's office on Friday, April 10, 2015, and he encouraged Board members to contact any known affected property owners of the deadline date.
