Published by The
ROCKY MOUNTAIN DIRECTORY CO.
2301 E. Platte - Colorado Springs, Colorado
This Publication
Is The Product of a Member of

Association of North American Directory Publishers

244 Madison Ave  New York City 16 NY

---thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under names of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1899, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

1. The publisher of a Directory shall dedicate his best efforts to the causes of business uplift and social service, and to this end pledge himself:

   1. To consider, first, the interest of the user of the book.
   2. To subscribe to and work for truth, honesty and accuracy in all departments.
   3. To avoid excessive duplication of listings, endeavoring to classify every business under the one heading that best describes it, and to treat alphabetical listings as advertising, to be charged for at regular rates.
   4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and reference book and director of buyer and seller.
   5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
   6. To solicit subscriptions and advertising solely upon the merits of the publications.
   7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
   8. To co-operate with approved organizations and individuals engaged in honest advertising work.
   9. To avoid unsafe competition.
   10. To determine what is the highest and greatest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
