ANNOUNCEMENT.

IN PRESENTING the first Directory of Trinidad to its patrons, the publisher feels that a few explanations are proper. He who inaugurates a new enter prise of whatever nature, encounters difficulties that are not met with by his successor. The data for this volume in the main had to be prepared from the foundation, as there was no nucleus upon which to build the structure. It will be noticed that some names are not given a number. The enumeration was not commenced until the time allowed by the city to put up numbers had expired. Therefore any complaint on this account must not be laid at the door of the publisher, but on those who have been negligent in this matter.

Great pains have been taken to get all the names accurately that should be properly included in a work of this kind. In spite of this care a number of errors will undoubtedly be found.

The list of the employees of the mines in and about Trinidad is as near complete as possible. The pay roll of the different companies is changing constantly and while the number may not be less next month, and in fact in most of the mines more, yet the names in many cases are new.

This is not properly an historical work, and the chief object of the part first is to give the outside world a more thorough knowledge of the less coal fields and other resources upon which the future growth of Trinidad rests. It is this feature of the Directory principally the Chamber of Commerce to use a large number of extra copies placed on the reading tables of the leading hotels of the co.

"Pittsburg" of the West may be "learned and read of by all men."

The plat that accompanies the Directory has been prepared at some expense and is conceded to be the most complete map of the city y.
ENGLEVILLE.

Engleville is located about a mile east from the suburbs of Trinidad. It is a purely mining town. This mine is operated by the Colorado Coal & Iron Co., one of the largest concerns in Colorado. They have the most approved mining machinery and a present capacity of 1,200 tons per day. The D. & R. G. R.R. operates a branch to this mine, and furnishes them ample means of transportation.

BUSINESS FIRMS.

D. B. Callaway, manager, Colorado Trading Co.
James Seerest, clerk, Colorado Trading Co.
Michael Barrott, clerk, Colorado Trading Co.
W. T. Fraser, confectionery.
Timothy Carney, saloon.
Antonio Cresto & Co., general merchandise and saloon.
Torabino Bongero & Co., general merchandise and saloon.
Joseph Torabino, clerk.
Michael Torabino, clerk.
Joseph Ferrari, teamster.

STARKVILLE.

Starkville is situated four miles southeast of Trinidad on the A., T. & S. F. R. R., and is the location of one of the largest mining plants tributary to the city. There are a large number of coke ovens in connection with this mine. This mine has been in operation since 1873, and like most of the mines in this vicinity the miners are mostly foreigners, composed principally of Mexicans, Italians and Swedes. This mine is controlled and operated by the Santa Fe R. R., and has abundant capital to push its undertakings. Their present capacity is about 1,200 tons per day and as soon as they complete a new load, which they are now opening, the present capacity will be much enlarged.

The principal business firms in Starkville are:

Jamison & Co., general merchandise.
Frank Bros., saloon.
H. K. Smith, saloon.
John Baco & Co., saloon.
J. Green, meat market.

OFFICERS.

Jonathan Humphrey, Superintendent.
James E. Hammond, Mine Clerk.
Herbert B. Williams, Engineer.
David B. Ammons, First Boss.
Frank E. Lyman, Outside Foreman.
Edward G. Savage, Jr., Clerk.

EL MORO.

El Moro, is located about four miles east of Trinidad. It was laid out in 1876 by the Southern Colorado Coal & Town Company. The D. & R. G. R. R. has a round house, etc., here and the citizens are mostly employees of the above named railroad or of the coke ovens, which are located south and east of the town proper. The coke ovens at this point are the largest in the state and produce more coke than all the other ovens in Colorado combined. A never ending volume of smoke is seen issuing from these ovens and reminds one of the Connellsville region in Pennsylvania. These ovens are owned and operated by the Colorado Coal & Iron Co. The following list of names includes the employees of the coke ovens and the citizens of El Moro:

Wm. W. Jones, superintendent.
F. P. Van Reuren, agent and cashier.

Pedro Abeita.
Angel Alisio.
José Bolaños.
John Branson.

ST. THOMAS.

This town was laid out last May. It is situated in the very center of the coal mines of Southern Colorado and on the Las Animas river, which affords an inexhaustible supply of pure mountain water. It is on the line of the gateway of the Rocky Mountains and near the pass over the celebrated Raton Peak. Its location is such as to insure it a good business point. It has already two railroads running through it and good prospects of others. The growth of the place since it was laid out last spring has been phenomenal and if the same enterprise characterises its founders in the future it will continue to grow. The Denver Fuel Company's mines adjoining St. Thomas gives this point stability.

BUSINESS FIRMS.

Mitchell Bros., general merchandise.
Samuel Biglar, general merchandise.
Uberti & Bianchi, general merchandise.
Murray Bros., lumber.
H. B. Mangus, furniture.
Stephens Polelling, butcher.
Joseph F. Arnold, bakery.
R. G. Eckhart, barber.
James Livingston, saloon and hotel.
Ryerson & Smith, saloon and billiards.
Milton Pile, saloon and boarding.
D. Gargo, saloon.

DENVER FUEL COMPANY.

Although the above company is a comparatively new one, they are doing as much in a mining way as any plant around Trinidad. They have a large number of coke ovens in operation and are constantly adding to their facilities in this respect. Their capacity at present is about 1,000 tons per day. The D. & R. G. and D. T. & F. W. railroads both operate to this mine, giving them good transportation facilities.

OFFICERS.

J. A. Kabler, general manager, Denver.
Harry Carter, superintendent.
W. J. Murray, pit boss.
W. J. Marsh, clerk.

CHICOSA.

THE TRINIDAD FUEL COMPANY.

This mine is located east of the city near the main line of the D. T. & Ft. W. R. R. Operations towards the development of this mine on a large scale were commenced last June and to-day they are in shape to ship coal. The capacity of the machinery they have put in is about 1,000 tons per day. They have about 150 men employed at present and before many months will be running at full capacity. The D. T. & Ft. W. R. R. has just completed a branch to this point, giving this mine good facilities in the way of transportation. The vein of coal in this mine is simply marvelous, running at times eight to ten feet thick and not excelled in quality by any mine around the city.

OFFICERS:
Geo. M. Forbes, president and general manager.
Frank S. Pusey, vice-president.
James L. Bridge, secretary and treasurer.
John Hopkins, general superintendent.
William A. Olmsted, medical officer.

THOMPSON.

RATON COAL & COKE CO.

This mine is located west of the city on the Long’s Canon branch of the D. T. & Ft. W. R. R. Operations towards opening this mine were commenced last March and they have been shipping coal for some time now. Their capacity is about 500 tons per day.

OFFICERS:
Geo. W. Thompson, president.
W. R. Edwards, secretary.
John Hopkins, general manager.
J. M. Caldwell, superintendent.
William A. Olmsted, medical officer.

DANFORTH.

GREY’S CREEK COAL & COKING CO.

This mine is located southwest of the city near this well known creek. The D. T. & Ft. W. R. R. runs a branch to this mine from Beehoar, a point on their line to Ft. Worth, Tex. Extensive work is being done on this plant and they will be able to ship largely of this well known coal the coming winter. H. H. McIntosh is the present superintendent.

THE CHICAGO, KANSAS & NEBRASKA R'Y
(ROCK ISLAND ROUTE)

This comprehensive grouping of central lines affords the quickest, safest, most economical and easy facilities of communication between all important localities in Kansas, Nebraska, Colorado, New Mexico, Texas and the Indian Territory. It traverses the richest agricultural sections of the famous "Gold Belt" of the West, whose corn, vegetable and cattle country, and horses, cattle, sheep and swine challenge the admiration of the world. Among the hundreds of flourishing cities and towns on its main and branch lines are:

Wichita, Kansas City, Salina, St. Joseph, Pueblo City, Alma,
Wichita, Pratt, Solomon City, Nelson, Beatrice, White City,
Caldwell, Greensburg, Manhatten, Tekakwitha, H. bron, Hinton,
Canton, Dodge City, Smith Centre, Holton, Clyde, Marion,
McPherson, Belleville, Phillipsburg, Hinton, Clinton, Peabody,
Hutchinson, Abilene, Norton, Sabetha, Manhattan, Fairbury.

These points are the vast area of fertile country tributary therceto open up rare opportunities to the farmer, stock grower, merchant, manufacturer, mechanic, laborer and those who wish to engage in any business or industrial pursuit.

Connects at Kansas City and St. Joseph for St. Louis and all points East
South to Davenport, Rock Island, St. Paul and all points North and West, and with continuous lines running South and Southwest to the Pacific Coast.

SPLendid Passenger Equipment.

 Entirely new, with latest improvements, strictly FIRST CLASS, and manufactured expressly for this service, leading all competitors in the comfort and luxury of its accommodations. Exquisite Day Coaches, restful Reclining Chairs (seat FREE) and berths at reduced rates in magnificent Pullman Palace Sleeping Cars. Union Depots at all terminal points, and baggage checked to destination.

Although the CHICAGO, KANSAS & NEBRASKA R'Y is of modern construction, the solidity of its permanent way, iron and stone bridges, steel track, and the perfection of its rolling stock are characteristics which identify it with the ROCK ISLAND as a worthy companion part of the parent system. It is offered and operated by men of ability and large experience.

The Only Line running Free Tourist Sleeping Cars through to California Points Without Change.

VESTIBULE EXPRESS.

The Vestibule Express Trains now running over the Santa Fe are so remarkable for their furnishings that they have drawn the attention of the traveling public and received approval as the highest examples of safe and luxurious passenger carriages.

These trains provide smoking and reading rooms, dining rooms, parlors and sleeping rooms, finished and furnished with the most durable and artistic materials. They are unlike the eastern vestibule trains in one important particular, and that is they contain accommodations

For All Classes of Passengers Without Extra Charge.

For Safety, Speed and Comfort take the Great Santa Fe Route.

Specialty made of large blocks of vacant lots in all principal additions. We have some rare bargains in business properties in the centre of the city.

E. B. STODDARD,
INSURANCE AND LOAN AGENT. HOUSE RENTING.
NOTARY PUBLIC. FARM LOANS.

SOMETHING NEW.

WALSH’S INSIDE ADDITION
Is Only Seven Blocks from the Business Centre.

It is west of the present city proper where all residences will go to get a water supply unquestionably pure, both now and in the future. It is away from the smoke of the rolling mills, railroad shops and other manufactures. It includes both river bottom and upland. Every purchaser may have his own well of pure water by boring only 15 to 30 feet. No tracks to cross.

There are no lots to be disposed of hurriedly, but the best of terms will be extended to all who mean business. You simply cannot afford to invest in realty till you have looked over Walsh’s Inside Addition. For prices and terms call on
