Quorum established.

**REVIEW OF DRAFT COMPREHENSIVE PLAN**

Darryl asked if there were any concerns with the comprehensive plan or if the planning commission was ready to move it forward. Larry McCourtie quizzed the other commission members and it was decided that they should move forward with the comprehensive plan and send it to the council. Rex Robbins stated that he liked what he seen and thought it was solid, although there wasn't much time spent on the Capital Facilities, water specifically and had some concerns about the future water supply. Darryl explained that the reason why there wasn't much time spent on that specific document was that they were approved by the council and were referenced by those documents but they don't include them in the Comprehensive plan so they can be modified without having to change the Comprehensive Plan.

Larry McCourtie had concerns about the growing amount of taco wagons in Othello and how it looks to the people that come from out of town not to mention the health issues. It was also brought up that Othello has the need for more places for people to stay. Another hotel or RV park in Othello to help with the people coming into Othello for the sports events that Othello holds. It was decided to bring this up to council for review once again. M/S Robbins/Thompson

Rex made a motion to review the current Itinerant merchant's regulation and make some changes. M/S Robbins/Thompson
