Tower notification made:

Weather

Wind:

Radio frequency (if used):

Number of flights flown

Video recorded?

*

Video provided to:

Number of takeoffs

Number of landings

Pre flight checklist completed?

*

Brief Mission Description:

Standard instructions: The UAS PIC is responsible for ensuring that the UAS flight operation is conducted in accordance with Menlo Park Fire's UAS Policies, the terms of our COA and applicable FAA regulations. The UAS PIC is the final authority as to the operation of the UAS and as such has the authority to reject a flight for a variety of reasons including safety of personnel or the public, violation of UAS policy or violation of FAA policy.
