**Note 1 – Purpose of Limited Procedures Review**

Under Article XIII B of the California Constitution (the Gann Spending Limitation Initiative), California governmental agencies are restricted as to the amount of annual appropriations from proceeds of taxes. Effective for years beginning on or after July 1, 1990, under Section 1.5 of Article XIII B, the annual calculation of the appropriations limit is subject to a limited procedures review in connection with the annual audit.

**Note 2 – Method of Calculation**

Under Section 10.5 of Article XIII B, for fiscal years beginning on or after July, 1990, the appropriations limit is required to be calculated based on the limit for the fiscal year 1986-87, adjusted for the inflation and population factors discussed in Notes 3 and 4 below.

**Note 3 – Population Factors**

A California governmental agency may use as its population factor either the annual percentage change of the jurisdiction's own population or the annual percentage change in population of the county where the jurisdiction is located. The factor adopted by the District for the year ending June 30, 2018, represents the annual percentage change in population for County of San Mateo.

**Note 4 – Inflation Factors**

A California governmental agency may use as its inflation factor either the annual percentage change in the 4<sup>th</sup> quarter per capita personal income (which percentage is supplied by the California Department of Finance) or the percentage change in the local assessment roll from the preceding year due to the change of local nonresidential construction. The factor adopted by the District for the year ending June 30, 2018, represents the annual percentage change for per capita personal income.

**Note 5 – Other Adjustments**

A California government agency may be required to adjust its appropriations limit when certain events occur, such as the transfer of responsibility for municipal services to, or from, another government agency or private entity. The District had no such adjustments for the year ending June 30, 2018.
