

DUMPING RELEASE

Dear Property Owner:

You have requested fill materials from the Lewis County Highway Dept. (LCHD) when it is available from highway maintenance operations near your property.

The LCHD will exercise due care when on your property. However, we will not be responsible for any damages to your property, such as tire rutting or the collapse of un-located pipes or their underground structures. Please be advised that New York State Dept. of Environmental Conservation and the Adirondack Park Agency regulations prohibit the placement of fill materials in designated wetlands without a permit. The LCHD will not be responsible for the fill material after it is dumped on your property. You are expected to grade off the fill material in a timely manner

We request that you sign two copies of this release, which indicates you have read it and agree to its terms. Please keep one copy and return the second copy to our representative.

Warren W. Shaw
Superintendent

I hereby release the County of Lewis; its officers and employees, from all claims for damage that may have been done or which may occur by reason of such occupancy of said lands.
