LEWIS COUNTY PROGRAM INCOME REUSE PLAN

The purpose of this plan is to establish guidelines on the policies and procedures for the administration and utilization of program income received as a result of activities funded under the State’s Community Development Block Grant Program (CDBG).

Need for Plan Governing Reuse of Program Income: This Reuse Plan is intended to satisfy the requirements specified in Federal statute and regulation at Section 104 (j) of the Housing and Community Development Act ("the Act"), as amended in 1992 and 24 CFR 570.489 (e) (3). These statutory and regulatory sections permit a unit of local government to retain program income for CDBG-eligible community development activities. Under federal guidelines adopted by the New York State CDBG program, local governments are permitted to retain program income so long as the local government has received advance approval from the state of a local plan that will govern the expenditure of the program income. This plan has been developed to meet that requirement.

Program Income Defined: Program Income is defined in federal regulation at 24 CFR 570.489 (e) which specify that program income is the gross income received by the jurisdiction that has been directly generated from the use of CDBG funds. (For those program income-generating activities that are only partially funded with CDBG funds, such income is prorated to reflect the actual percentage of CDBG participation). Examples of program income include: payments of principal and interest on housing rehabilitation or business loans made using CDBG funds; interest earned on program income pending its disposition, and interest earned on funds that have been placed in a revolving loan account; net proceeds from the disposition by sale or long-term lease of real property purchased or improved with CDBG funds; income (net of costs that are incidental to the generation of the income) from the use or rental of real property that has been acquired, constructed or improved with CDBG funds and that is owned (in whole or in part) by the participating jurisdiction or subrecipient.

If the total amount of income generated from the use of CDBG funds (and retained by the County) during a single fiscal year (January 1 through December 31) is less than $35,000, then these funds shall not be deemed to be program income and shall not be subject to these policies and procedures.

General Administration (GA) Cost Limitation: Up to eighteen percent (18%) of the total program income expended on all activities during a single program year may be used for CDBG general administration and program delivery expenses.

Reuses of Program Income: Program income must be: a) disbursed for an activity funded under an open grant prior to drawing down additional Federal funds; b) forwarded to the State of New York Office of Community Renewal or c) distributed to one or more Revolving Loan Accounts according to this Program Income Reuse Plan after adoption of the plan by Lewis County and approval by HCR.

Planning Activities: The County reserves the option of utilizing program income, within the 18 percent general administration annual cap, to fund planning for CDBG-eligible
activities. Such planning activities may include: fair housing planning activities; environmental reviews or other studies necessary for CDBG-eligible projects or programs; or application preparation for CDBG or other grants/loans to supplement funding for CDBG-eligible activities. The costs of such planning activities may be charged to an RLA if the planning is for the same activity as the RLA.

**Reporting and Federal Compliance:** The County shall ensure that the use of program income under this Reuse Plan complies with all CDBG program requirements, including citizen participation, environmental review, equal opportunity, Section 3 employment, lead-based paint, labor standards, acquisition and relocation, procurement, property management, and maintenance of adequate accounting and recordkeeping systems. To ensure ongoing compliance with CDBG requirements, the County shall utilize the latest available State CDBG Program Grant Management Manual for guidance on compliance procedures and policies.

**Revising This Plan:** The Board of Legislators has the authority to amend this document with a properly noticed Board meeting and approval by the Office of Community Renewal (OCR).

**Revolving Loan Account:** The purposes and allowed uses of funds under the County’s RLA is, as follows:

- **Housing Revolving Loan Account**
  This fund will be principally used for the purpose of making loans to rehabilitate residential units occupied by households which have an annual income which is 80 percent (80 percent) or less of the county’s median income. The fund can also be used to provide down payment and/or closing costs and minimal repair assistance to income eligible first time homebuyers.

  No more than eighteen percent of the total amount of PI expended annually may be expended for general administrative and program delivery costs.

  The review and funding of requests for CDBG loan or grant assistance under this RLA shall be conducted under the Housing Rehabilitation Program or Homeownership Program Guidelines that have been adopted by the County for other CDBG funded programs. All assistance provided for activities under this RLA shall be made for activities that are located within the County’s jurisdiction.

  If the activities funded under the RLA are for the same activities as those funded under an open State CDBG grant agreement, then the funds available in this RLA shall be expended prior to drawing down funds from the State CDBG program.

  In addition, any activity requesting funding under this RLA shall be deemed to be eligible under Section 570.482 and Section 105 (a) of the Act and shall be determined to provide sufficient public benefit as specified under Section 570.482 (f).
