B. Exemptions:

1. Pursuant to N.J.S.A. 13:1E-99.16(d), the governing body of a municipality may exempt persons occupying commercial or institutional premises within its municipal boundaries from the source separation requirements of the ordinance which requires persons generating municipal solid waste within its municipal boundaries to source separate from the municipal solid waste stream, the specified recyclable materials if those persons have otherwise provided for the recycling of all designated recyclable materials. To be eligible for an exemption pursuant to this chapter, a commercial or institutional generator of solid waste shall file an application for exemption with the municipal recycling coordinator on forms to be provided for this purpose. The form shall include, at a minimum, the following information: the name of the commercial or institutional entity; the street address location and lot and block designation; the name, official title and phone number of the person making application on behalf of the commercial or institutional entity; the name address, official contact person and telephone number of the facility which provides the service of recycling those designated recyclable materials, and a certification that the designated recyclable materials will be recycled, and that, at least on an annual basis, said recycling service provider or commercial/institutional generator shall provide written documentation to the municipal recycling coordinator of the total number of tons collected and recycled for each designated material.
2. Persons who are physically disabled and who have notified the Recycling Committee, in writing, of such disability

§ 111-5. COLLECTION OF RECYCLABLE MATERIALS.

The collection of recyclable material shall be in the manner prescribed as follows:

A. All containers and brown paper bags containing recyclable materials shall be placed, prior to collection, between the curb and the sidewalk, or in the absence of a curb and sidewalk, as near to the street as not to constitute a danger, where such receptacles shall be readily accessible to the collector without providing obstruction to pedestrians. The owner or occupant of the premises shall keep all receptacles clean and in safe handling condition. Receptacles or other items to be disposed of shall be placed as noted above anytime after six p.m. of the day immediately preceding the day of collection, but no later than six a.m. of the day of collection. After collection, any containers shall be removed from the curbside by no later than seven p.m. of the day of collection.

B. All receptacles or dumpsters shall be maintained in accordance with the health code of the Township of Verona.

§ 111-6. AUTHORIZATION TO COLLECT.

The township's governing body may, in accordance with the procedures set forth in N.J.S.A. 40A:12-1 et seq., enter into agreements to grant a franchise or license to qualified persons, partnerships or corporations to authorize them to collect all designated recyclable materials at curbside. The governing body may, in accordance with the procedure set forth in N.J.S.A. 40A:11-1 et seq., enter into agreements to have all designated recyclable collected at curbside, provided that the governing body shall sell

said designated recyclable materials for an amount greater than the cost of collection. The governing body may in its discretion, use township personnel to collect designated recyclable materials at curbside and sell same pursuant to N.J.S.A. 40A:12-1 et seq.

§ 111-7. RESIDENTIAL DWELLING COMPLIANCE REQUIREMENTS.

The owner of any property shall be responsible for compliance with this chapter. For multifamily units, the management or owner is responsible for setting up and maintaining the recycling system, including collection of recyclable materials, in accordance with guidelines or regulations established by the appropriate municipal office. Violations and penalty notices will be directed to the owner or management, in those instances where the violator is not easily identifiable. The management shall issue notification and collection rules to new tenants when they arrive and every six months during their occupancy.

§ 111-8. NONRESIDENTIAL ESTABLISHMENT COMPLIANCE REQUIREMENTS.

- A. All commercial and institutional generators of solid waste shall be required to comply with the provisions of this chapter.
- B. The arrangement for collection of designated recyclables hereunder shall be the responsibility of the commercial, institutional or industrial property owner or their designee, unless the municipality provides for the collection of designated recyclable materials. All commercial, institutional or industrial properties which provide outdoor litter receptacles and disposal service for their contents shall also provide receptacles for designated recyclable materials, for those materials commonly deposited, in the location of the litter receptacle, and shall provide for separate recycling service for their content.
- C. Every business, institution, or industrial facility shall report on an annual basis to the recycling coordinator, on such forms as may be prescribed, on recycling activities at their premises, including the amount of recycled material, by material type, collected and recycled and the vendor or vendors providing recycling service.
- D. All food establishments, as defined in the health code, shall, in addition to compliance with all other recycling requirements, be required to recycle grease and/or cooking oil created in the processing of food or food products, and maintain such records as maybe prescribed, for inspection by any code enforcement officer.

§ 111-9. NEW DEVELOPMENTS OF MULTIFAMILY RESIDENTIAL UNITS OR COMMERCIAL, INSTITUTIONAL, OR INDUSTRIAL PROPERTIES.

(Pursuant to N.J.S.A. 13:1E-99.13a and 99.16c.)

- A. Any application to the Planning Board or Board of Adjustment of the Township of Verona, for subdivision or site plan approval for the construction of multi-family dwellings of three or more units, single-family developments of fifty or more units or any commercial, institutional, or industrial development for the utilization of one thousand square feet or more of land, must include a recycling plan. This plan must contain, at the minimum, the following:
 - 1. A detailed analysis of the expected composition and amounts of solid waste and recyclables generated at the proposed development; and
 - 2. Locations documented on the application's site plan that provide for convenient recycling opportunities for all owners, tenants, and occupants. The recycling area shall be of sufficient size, convenient location and contain other attributes (signage, lighting, fencing, etc.) as may be determined by the municipal recycling coordinator.
- B. Prior to the issuance of a certificate of occupancy by the Township of Verona, the owner or any new multi-family housing or commercial, institutional, or industrial development must supply a copy of a duly executed contract with a hauling company for the purposes of collection and recycling of source-separated recyclable materials, in those instances where the municipality does not otherwise provide this service.

C. Provision shall be made for the indoor, or enclosed outdoor, storage and pickup of solid waste, to be approved by the Township Engineer.

§ 111-10. PROHIBITION OF THE COLLECTION OF SOLID WASTE MIXED WITH RECYCLABLES.

A. It shall be unlawful for solid waste collectors to collect solid waste that is mixed with, or contains visible signs of, designated recyclable materials. It is also unlawful for solid waste collectors to remove for disposal those bags or containers of solid waste which visibly display a warning notice sticker or some other device indicating that the load of solid waste contains designated recyclable materials.

B. It shall be the responsibility of the resident or occupant to the property to properly segregate the uncollected solid waste for proper disposal or recycling. Allowing such unseparated solid waste and recyclables to accumulate will be considered a violation of this article and the local sanitary code.

C. Once placed in the location identified in this chapter, or any rules or regulations promulgated pursuant to this chapter, no person, other than those authorized by the municipality, shall tamper with, collect, remove, or otherwise handle designated recyclable materials.

§ 111-11. TOWNSHIP RECYCLING CENTER.

A. The Township Recycling Center shall be used or made available only for persons residing within the limits of the Township of Verona and commercial or institutional entities located within the limits of the Township of Verona. All recyclable material deposited at the Recycling Center must be generated within the limits of the Township of Verona. The Township Engineer or his authorized representative may require appropriate identification of all persons using the Recycling Center.

B. No contractor or person operating any business or commercial operation shall be permitted to use the Recycling Center except for the disposal of material generated from a property within the limits of the Township of Verona. The contractor must provide paperwork, indicating the Verona property that the material was generated from, to the Township Engineer or his authorized representative before depositing the material at the Recycling Center.

C. It shall be a violation of this Chapter for any person or solid waste hauler to deposit recyclable materials generated outside the boundaries of the Township of Verona at the Recycling Center.

D. It shall be a violation of this chapter for any person or solid waste collector to deposit recyclable materials outside of the designated containers or areas at the Township Recycling Center or to otherwise fail to follow the signs and directions posted at the Recycling Center.

E. It shall be a violation of this chapter for any person or solid waste collector to deposit any material at the Township Recycling Center which is not a designated material accepted at the Recycling Center.

§ 111-12. ENFORCEMENT.

The Code Enforcement Official, the Township Engineer, the Department of Health, the Recycling Coordinator, the Essex County Department of Health and the Essex County Utilities Authority are hereby individually and severally empowered to enforce the provisions of this chapter. An inspection may consist of sorting through containers and opening of solid waste bags to detect, by sound or sight, the presence of any recyclable material.

§ 111-13. RECYCLING TONNAGES TO BE REPORTED.

Prior to March 1 of each year, occupants of all commercial and institutional establishments, multi-family housing owners or their agents shall report, on forms provided by the municipality, to the Township Recycling Coordinator, the tonnage of recyclables collected and removed from the municipality during the previous year.

§ 111.14. VIOLATIONS AND PENALTIES.

Any person, corporation, occupant, or entity that violates or fails to comply with any provision of this chapter or any rules and regulations promulgated hereunder shall upon conviction thereof, be punishable by a fine not less than two hundred fifty dollars (\$250), nor more than one thousand dollars (\$1,000). Each day for which violation of this chapter occurs shall be considered a separate offence.

Fines levied and collected pursuant to the provisions of this chapter shall be immediately deposited into the municipal recycling trust fund (or equivalent). Monies in the municipal recycling trust fund shall be used for the expenses of the municipal recycling program.

In addition to the foregoing penalties, where a container includes designated recycling material mixed with solid waste, the container will not be collected.

ARTICLE II. SOURCE SEPERATION OF LEAVES

§ 111-15. GENERAL.

It shall be unlawful for any person to place leaves for collection or disposal as solid waste and all persons occupying residential, commercial or institutional premises within the limits of the Township of Verona shall separate leaves from solid waste generated at such premises and unless the leaves are stored or recycled for composting or mulching by the generator, place the leaves for collection in the manner provided in this article.

§ 111-16. MANNER OF COLLECTION.

- A. Grass, leaves, yard waste consisting of hedge and bush clippings, weeds and other vegetative materials when packed in biodegradable bags or tied in bundles weighing less than fifty pounds is picked up curbside as scheduled by the Township Public Works Department and reported in the annual Township Recycling Brochure.
- B. Brush tied in bundles not more than four feet in length and no greater than six inches in diameter is picked up curbside as scheduled by the Township Public Works Department and reported in the annual Township Recycling Brochure.
- C. In addition to the above, leaves and brush may be taken to the area designated by the Township provided in this article.
- D. It is prohibited to rake leaves into the street at any time within the Township.

§ 111-17. DISPOSAL AREA DESIGNATED.

There is hereby designated by the Township an area to be known as a “disposal area.”

§ 111-18. TYPES OF REFUSE ALLOWED.

The area set forth in 111-17, as designated by the Township, may be used for the disposal of the following waste materials only: leaves, grass clippings, hedge trimmings, tree branches, bushes and shrubs and general garden refuse. No concrete, cinder block, boulders, fencing, tree trunks, stumps, garbage or other materials not provided for shall be dumped at this area.

§ 111-19. HOURS, DAYS AND SEASON OF USE.

The days of use shall be determined by the Township Manager and may be changed from time to time and will be reported in the annual Township Recycling Brochure.

§ 111-20. REGULATIONS FOR USE.

- A. Residents shall be required to unload and leave areas promptly and place all waste materials in the designated location indicated by sign or as directed.
- B. No waste material shall be removed from areas other than by persons authorized by the Township Engineer.
- C. The Township Engineer or his authorized representative shall be authorized herein to reject any waste material which in his opinion may create a hazardous condition effecting the health, safety and welfare of the residents using areas and the general public.
- D. The Township Engineer shall be authorized to post at the area notices implementing the rules and regulations as set forth herein.

§ 111-21. PERSONS PERMITTED TO USE FACILITIES.

- A. The areas set forth in 111-17 shall be used or made available only for persons residing within the limits of the Township of Verona. The Township Engineer or his authorized representative may require appropriate identification of all persons using the area.
- B. No contractor or person operating any business or commercial operation shall be permitted to use the area unless the contractor or person operating any business or commercial operation obtains a permit from the Township Public Works Department to use the area designated by the Township. A separate permit is required for each load deposited at the area designated by the Township. All waste deposited by a contractor or person operating any business or commercial operation must have been generated from a property within the limits of the Township of Verona. The Township Engineer or his authorized representative may require proof of origin of the load.

ARTICLE III. GARBAGE COLLECTION

§ 111-22. DEFINITIONS

As used in this article, the following terms shall have the meanings indicated:

GARBAGE

Putrescible animal and vegetable waste resulting from the handling, preparing, cooking and consumption of food.

PREMISES

Any residence or place of business or commerce where garbage, refuse, rubbish or recyclables are accumulated.

RECYCLABLES

Any designated recyclables as provided for in Article I of Chapter 111 of the Verona Code/or by resolution, rule or regulation promulgated thereunder.

REFUSE

All putrescible and nonputrescible solid wastes, except body wastes, including but not limited to garbage, rubbish, ashes, street cleanings, dead animals, metal or wooden scraps, and solid market and industrial wastes.

RUBBISH

Nonputrescible solid wastes consisting of both combustible and noncombustible wastes, such as paper, wrappings, cigarettes, tin cans, yard clippings, leaves, wood, glass, bedding, crockery and similar materials.

TOWNSHIP COLLECTION SYSTEM

Such system as may be employed by the township, either through the use of township personnel and equipment, or through such person, firm or entity as may be contracted by the township to provide for collection and disposition of garbage, refuse rubbish and recyclables.

§ 111.23. APPLICATION.

This section shall apply to all garbage, refuse, rubbish and recyclables to be picked up by the township collection system.

A. No garbage, refuse, rubbish or recyclables shall be collected by the township collection system except as may be from time to time provided by ordinance or resolution of the Township Council. A true copy of any resolution providing for the manner, terms and schedule of days for the collection of garbage, refuse, rubbish or recyclables shall be maintained on file in the office of the Township Engineer for inspection by the public during municipal business hours.

B. No person shall place any garbage, refuse, rubbish or recyclables for pickup at the curbside of the street in front of any premises except in the manner and on the scheduled days as may be provided by this section or by resolution of the Township Council or as may be provided by Article I of Chapter 111 of the Verona Code or any resolution, rule or regulation promulgated thereunder.

§ 111-24. HOURS OF PLACEMENT FOR COLLECTION.

No person shall place or cause to be placed any garbage, refuse, rubbish, or recyclables at curbside for pick up any sooner than 7:00 p.m. on the day immediately preceding the date scheduled for the collection of garbage, refuse, rubbish or recyclables, but no later than 6:00 a.m. on the day of collection. All garbage cans or containers placed at curbside for collection shall be removed from curbside not later than 7:00 p.m. on the date on which collection is made.

§ 111-25. MAINTENANCE OF GARBAGE CANS OR CONTAINERS.

All garbage cans or containers used in connection with the placement of garbage, refuse, rubbish or recyclables at curbside shall be kept in a clean and sanitary condition, and no garbage can shall be used unless the lid remains in a condition to provide a reasonably tight fit on the garbage can.

§ 111-26. TAMPERING.

No person shall tamper with any garbage can or other container used in connection with the placement of garbage, refuse, rubbish or recyclables at curbside so as to damage the same or to cause any garbage, refuse, rubbish or recyclables to be removed from such garbage cans or containers.

§ 111-27. VIOLATIONS AND PENALTIES.

Any person who violates any of the provisions of this article shall, upon conviction thereof, be subject to a fine not exceeding five hundred dollars (\$500) or imprisonment in the county jail for a period not exceeding ninety (90) days, or both. Each day such violation continues shall constitute a separate offense.

§ 111.28. SEVERABILITY.

If any section, sentence or any other part of this chapter is adjudged unconstitutional or invalid by any court, such judgment shall not affect, impair or invalidate the remaining provisions of this chapter, and such judgment shall be confined in its effect to the section, sentence or other part of this chapter directly involved in the controversy in which such judgment shall have been rendered.

INTRODUCED: December 21, 2015
