PART I
REPORT ON EXAMINATION
FINANCIAL STATEMENTS
NOTES TO FINANCIAL STATEMENTS
AND
SUPPLEMENTARY DATA
YEAR ENDED DECEMBER 31, 2014

Independent Auditors' Report

The Honorable Mayor and Members
of the Township Council
Township of Verona
Verona, New Jersey

Report on the Financial Statements

We have audited the accompanying regulatory basis financial statements of the various funds of the Township of Verona, County of Essex, New Jersey (the "Township") as of and for the years ended December 31, 2014 and 2013, the statements of revenues, expenditures and changes in fund balances for the year ended December 31, 2014 and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States; and audit requirements as prescribed by the Division. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the regulatory basis financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinions

Management has prepared the financial statements in conformity with accounting practices prescribed by the Division, which are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. These practices differ in certain respects, which in some instances may be material, from accounting principles generally accepted in the United States of America applicable to local government units. The more significant of these practices are described in Note 2 to the financial statements.

Adverse Opinion

In our opinion, because of the Township's policy to prepare its financial statements on the basis of accounting discussed above, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2014 or the results of its operations for the year then ended.

Unmodified Opinion

In our opinion, the regulatory basis financial statements referred to above present fairly, in all material respects, the respective financial position of the various funds of the Township of Verona, Essex County, New Jersey, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles and practices prescribed by the Division, as described in Note 2 to the financial statements.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the regulatory basis financial statements that collectively comprise Township's basic financial statements. The accompanying supplementary sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information included in the supplemental sections is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental section is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 15, 2015, on our consideration of the Township's internal control over financial reporting. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Township of Verona, Essex County, New Jersey (the "Township") is organized as a Council-Manager municipality under the provisions of N.J.S.A. 40:69A-81 et seq. The Township is governed by an elected Council and by an appointed Municipal Manager, and by such other officers and employees as may be duly appointed. The Council shall consist of five members elected at large by voters of the municipality and shall serve for a term of four years beginning on the first day of July next following their election and that the Mayor shall be elected by the members of the Council.

Each member of the Council carries a legislative vote.

The Governmental Accounting Standards Board and subsequent Codification (collectively, "GASB") establishes certain standards for defining and reporting on the financial reporting entity. In accordance with these standards, the reporting entity should include the primary government and those component units which are fiscally accountable to the primary government.

The financial statements of the Township include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by the provisions of N.J.S.A. 40A:5-5.

Description of Funds

The GASB is the recognized standard setting body for establishing governmental accounting and financial reporting principles. However, the accounting policies of the Township conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). These principles are a reporting framework which differs from accounting principles generally accepted in the United States of America ("GAAP") for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds that differ from the fund structure required by GAAP:

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State grant programs are reflected in a segregated section of the Current Fund.

Trust Funds - The records of receipts, disbursements and custodianship of monies in accordance with the purpose for which each account was created are maintained in Trust Funds. These include the Animal Control Trust Fund, General Trust Fund and Special Health Trust Fund.

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund, as well as related long-term debt accounts.

Utilities Funds - Water and Sewer and Swimming Pool Utilities are treated as separate entities. Each maintains its own Operating and Capital Funds which reflect revenue, expenditures, stewardship, acquisitions of utility infrastructure and other capital facilities, debt service, long-term debt and other related activity. The Water and Sewer Utilities were consolidated into one fund beginning with calendar year 1996. Budget appropriations are combined, but separate records are maintained for rents receivable and capital activity.

Free Public Library (the "Library") - Budget Appropriations and State Aid are transferred to the Free Public Library bank account and are expended with the approval of the Library for its purposes. Interest on investments, Library fines and other revenue are retained by the Library and expended therefrom.

Payroll Fund - Net salaries, payroll deductions and social security contributions of municipal and utility operations are deposited into the bank account of the Payroll Fund. A Payroll Fund does not exist under GAAP.

Capital Fixed Assets - These accounts reflect estimated valuations of land, buildings and certain moveable fixed assets of the Township as discussed under the caption of "Basis of Accounting".

Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in the Township are summarized as follows:

Property Taxes and Other Revenue

Property taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become subject to accrual, reduced by an allowance for doubtful accounts.

Grant Revenue

Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Township budget. GAAP requires such revenue to be recognized in the accounting period when they become subject to accrual.

Expenditures

Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts which may have been canceled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31st of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances

As of January 1, 1986, all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31st are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences

Expenditures relating to obligations for unused vested accumulated sick, vacation and compensatory pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes

Property acquired for taxes ("Foreclosed Property") is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the capital fixed assets at market value on the date of acquisition.

Interfunds Receivable/Payable

Interfunds Receivable in the Current Fund are generally recorded with offsetting reserves which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfunds Receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfunds Receivable of one fund are offset with Interfunds Payable of the corresponding fund. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies

Materials and supplies purchased by all Funds are recorded as expenditures.

An annual inventory of materials and supplies for the Water and Sewer and Swimming Pool Utilities is required, by regulation, to be prepared by Township personnel for inclusion on the Water and Sewer and Swimming Pool Utility Operating Funds balance sheets. Annual changes in valuations, offset with a reserve account, are not considered as affecting current results of operations. Materials and supplies of other funds are not inventoried, nor included, on their respective balance sheets.

Capital Fixed Assets

General:

In accordance with the Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division, which differs in certain respects from GAAP, the Township has developed a fixed asset accounting and reporting system.

Fixed assets used in governmental operations (capital fixed assets) are accounted for in the Capital Fixed Assets. Public domain ("infrastructure") capital fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems, are not capitalized.

Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record. Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Township.

Utilities:

Capital acquisitions, including utility infrastructure costs of the Water and Sewer and Swimming Pool Utilities, are recorded at cost upon purchase or project completion in the Fixed Capital Account of the Utilities. The Fixed Capital Accounts are adjusted for dispositions or abandonments. The accounts include moveable fixed assets of the Utility, but are not specifically identified and are considered as duplicated in the Capital Fixed Assets. The duplication is considered as insignificant on its effect on the financial statements taken as a whole.

Utility improvements that may have been constructed by developers are not recorded as additions to Fixed Capital.

Fixed Capital of the Utilities are offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift, as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are as recorded in the records of the Township and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

Basic Financial Statements

The GASB also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township presents the financial statements, which are required by the Division and differ from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents

New Jersey Statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation ("FDIC") or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund (the "Fund").

The Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required.

By regulation of the Division, municipalities are allowed to deposit funds in Government Money Market Mutual Funds purchased through state registered brokers/dealers and banks.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey ("GUDPA"), public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank. The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- . Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury Bills, Notes and Bonds.
- . Government money market mutual funds.
- . Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- . Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- . Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- . Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- . New Jersey State Cash Management Fund.
- . Repurchase agreements of fully collateralized securities, subject to special conditions.

As of December 31, 2014, the Township had funds invested and on deposit in checking and New Jersey Cash Management Accounts and Certificates of Deposit. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 3.

3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Township, County and School purposes. Certified adopted budgets are submitted to the County Board of Taxation (the "Board") by each taxing district. The tax rate is determined by the Board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and are calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy is based on one-half of the current year's total tax.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000.00 at the end of the calendar year is subject to a 6% penalty on the unpaid balance.

Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes become in arrears are subject to the tax sale provisions of the New Jersey Statutes. The Township may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

The following is a five year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous four years:

8. PENSION PLANS

Description of Systems

Substantially all of the Township's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State Statute: the Public Employees' Retirement System ("PERS") or the Police and Firemen's Pension Fund ("PFRS"). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The PERS and the PFRS are considered cost sharing multiple-employer plans.

Public Employees Retirement System

PERS was established January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide coverage, including postretirement health care, to substantially all full-time employees of the State or any County, Municipality, School district or public agency, provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after ten years of service and twenty-five years for health care coverage.

Tier 1 Members (members enrolled prior to July 1, 2007) are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under 60 with 25 or more years of credited service. Members who retire early and are under age 55 receive retirement benefits as calculated in the above mentioned formula, but at a reduced rate (1/4 of 1% for each month the member lacks of attaining age 55).

Tier 2 Members (members enrolled July 1, 2007 to November 2, 2008) are eligible for retirement at age 66 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Members who retire early and are under age 60 receive retirement benefits as calculated in the above mentioned formula, but at a reduced rate (1/12th of 1% each month the member lacks attaining age 60, but over age 55 and 1/4 of 1% for each month the member lacks of attaining age 55).

Chapter 89, P.L. 2008, established a minimum base salary of \$7,700 per year to be eligible for enrollment in Tier 3 of the PERS (members enrolled on or after November 2, 2008 and prior to May 21, 2010) and are eligible for retirement at age 62 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 62 with

25 or more years of credited service. Members who retire early and is under age 62 receive retirement benefits as calculated in the above mentioned formula, but at a reduced rate (1/12 of 1% for each month the member lacks of attaining age 62 but over age 55 and 1/4 of 1% for each month the member lacks of attaining age 55).

Chapter 1, P.L. 2010, requires a minimum of 32 hours per week to be eligible to enroll in Tier 4 of PERS (members enrolled after May 21, 2010) and are eligible for retirement at age 62 with an annual benefit generally determined to be $\frac{1}{60}^{\text{th}}$ of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under 62 with 25 or more years of credited service. Members who retire early and are under age 62, receive retirement benefits as calculated in the above mentioned formula, but at a reduced rate (1/12 of 1% for each month the member lacks of attaining age 62 but over age 55 and 1/4 of 1% for each month the member lacks of attaining age 55). Chapter 1, P.L. 2010 imposes maximum compensation limits for PERS pension contributions for those who become members after May 21, 2010. For 2010, that amount is \$106,800.00. Any members hired after May 21, 2010 whose annual maximum compensation will be reached in any year, become a participant of the Defined Contribution Retirement Program ("DCRP") with regard to the remaining compensation, unless the member irrevocably elects to waive participation in the DCRP. For the amount of compensation in excess of the maximum compensation, 5.5 % will be deducted as a contribution for the purposes of the DCRP. The Township will be responsible for the DCRP's matching 3% contribution.

Tier 5 became effective as of June 28, 2011 and requires a minimum of 32 hours per week for local and school employees and 35 hours per week for state employees. Employees who do not work the minimum hours of work but earn over \$5,000.00 may participate in the Defined Contribution Retirement Plan. PERS salary limited to Social Security maximum wage, minimum age to retire is 65 and the annual retirement benefit equals years of service divided by the average of last five years salary. Additional requirements and limitations apply for early retirements and veteran retirements.

Police and Firemen's Retirement System

PFRS was established July 1, 1944 under the provisions of N.J.S.A. 43:16A, to provide coverage to substantially all full-time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age 55 or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service. Chapter 1, P.L. 2010 imposes a maximum compensation limit for officers who become members after May 21, 2010. For 2010, that amount is \$106,800.00. Any member hired after May 21, 2010 whose annual maximum compensation is reached in any year will become a participant of the DCRP with regard to the remaining compensation, unless the member irrevocably elects to waive participation in the DCRP. For the amount of compensation in excess of the maximum compensation, 5.5% will be deducted as a contribution for the purposes of the DCRP. The Township will be responsible for the DCRP's matching 3% contribution. Tier 5 requirements for PFRS enrollees after June 28, 2011 are the same as those under PERS.

Defined Contribution Retirement Program

DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. Prudential is acting on behalf of the NJ Division of Pensions and Benefits as the record keeper and investment funds manager. Chapter 1, P.L. 2010 increased the minimum annual salary required for eligibility in the DCRP. An employee must earn an annual salary of at least \$5,000 to be eligible or to continue participation.

Deferred Compensation Plan (Un-audited)

The Township offers its employees a Deferred Compensation Plan (the "DC Plan") created in accordance with the provisions of N.J.S.A. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The DC Plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of a Deferred Compensation Plan have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" (the "Act") revised several provisions of Section 457 of the Internal Revenue Code. A provision of the Act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

The Administrator for the Township Plan is the Variable Annuity Life Insurance Company ("VALIC").

Contributions Required and Made

Contributions made by employees for PERS and PFRS are currently 6.79% and 10.0% of their base wages, respectively. Employer contributions are actuarially determined on an annual basis by the Division of Pensions and Benefits. Contributions to the Plan for the past three (3) years are as follows:

Year	PERS		PFRS	
	Township	Employees	Township	Employees
2014	\$ 594,991.00	\$ 420,964.41	\$ 728,141.00	\$ 451,154.78
2013	596,911.00	410,316.41	778,682.00	466,991.02
2012	611,998.00	382,476.92	776,397.00	452,077.56

For PERS participants the contribution rate will increase another 1.0% over the next seven years beginning July 1, 2012.

9. HEALTH BENEFITS

P.L. 2011 Ch. 78 Section 39 established guidelines for implementing employee contributions to the cost of their health insurance coverage.

The benefit cost of coverage is the premium. For State Health Benefit Plan ("SHBP") employers, the cost of coverage is the cost of medical and prescription coverage. For non-SHBP employers, the law requires that the cost of coverage includes all health care benefits; medical, prescription, dental, vision etc.

The base salary of the employees determines the percent of premium cost that is contributed.

The contribution is phased in at 25% per year:

- a) Immediately, for employees hired on June 28, 2011 and not subject to Collective Negotiations Agreement ("CNA") that is in effect
- b) when a CNA that is in effect on June 28, 2011 expires or is in almost any way modified

Full contribution (Year 4) takes effect immediately for employees hired after June 28, 2011 who are not covered by a CNA or would be covered by a CNA that has expired.

When contributions begin, if the 1.5% of base salary calculation under Ch. 2 is greater than the standard contribution that amount is paid until the new contribution percentage is greater.

10. POST-RETIREMENT BENEFITS

The Township contributes to the State Health Benefits Program ("SHBP"), a cost-sharing, multiple-employer defined benefit post-employment health care plan administered by the Division of Pensions. The SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employees in 1964. Local employers are required to adopt a resolution to participate in the SHBP and in November 2005, the Township authorized participation the SHBP's post-retirement benefits program through resolution number 148B, effective January 1, 2006. In 1989, the Township agreed to provide medical insurance coverage for all police officers who retire from the Verona Police Department with 25 or more years of credited police service, or who are authorized a disability retirement. This medical coverage benefit shall be administered by the Township at no cost to the retiree. Participation is mandatory for all officers and 2.10% of their annual base compensation is deducted for two years. Contributions to pay for the health premiums of participating retirees are billed to the Township on a monthly basis.

Effective June 1, 1993, all other employees were offered a "window" to participate for 60 days. Participation was voluntary and 2.10% of their annual base compensation was deducted for two years. Employees hired after December 31, 2005, are not eligible for retiree's medical coverage. In 2007, another "window" was offered from May to August for any employee employed in 1993, and still active, to buy in at 2.10% for two years.

The State Health Benefits Commission is the executive body established by Statute to be responsible for the operation of the SHBP. The Division of Pension and Benefits issues a publicly available financial report that includes financial statements and required supplementary information of the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-09295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf.

Funding Policy: Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a "pay-as-you-go" basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health insurance premiums of participating retirees in the SHBP are billed to the Township on a monthly basis. The Township assumes cost through taxation.

The Township contributions to SHBP for the years ended December 31, 2014, 2013 and 2012 were \$854,529.12, \$761,391.72 and \$688,469.10, respectively, which equaled the required contributions for each year. There were approximately 49, 47 and 46 retired participants eligible at December 31, 2014, 2013 and 2012, respectively.

11. MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within 10 years and 5 months or retired by the issuance of bonds.

13. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING YEARS BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2014, there were no deferred charges.

14. DEFERRED SCHOOL TAX

The Local School District Tax was raised on the school year basis and liability deferred by statute, resulting in school tax payable set forth in liabilities computed as follows:

	Balance Dec. 31, 2014	Balance Dec. 31, 2013	Increase (Decrease)
*Balance of Tax	\$11,527,908.01	\$11,059,627.91	\$ 468,280.10
Amount of Deferred	<u>8,777,908.01</u>	<u>8,409,627.91</u>	<u>368,280.10</u>
Total Payable (Cash Liability)	<u>\$ 2,750,000.00</u>	<u>\$ 2,650,000.00</u>	<u>\$ 100,000.00</u>

*Required for school operations for the six month period following December 31st.

15. RISK MANAGEMENT

The Township is a member of the North Jersey Intergovernmental Insurance Fund for various insurance coverages.

16. CONTINGENT LIABILITIES

a. Compensated Absences

The Township permits its employees to accrue unused vacation and sick pay, which may be taken as compensatory time off or paid at a later date, at an agreed upon rate. It is estimated that the sum of \$2,231,477.75 is due and payable to employees and officials of the Township as of December 31, 2014 upon their retirements or other separations. This amount was not verified by audit.

The Township has set aside a reserve of \$400,342.83 in the General Trust Fund to fund a portion of the liability.

b. Tax Appeals

As of April 20, 2015, the Township Attorney indicated that there were 26 State Tax Appeals pending before the New Jersey Tax Court. These appeals have an assessed valuation totaling \$198,157,220.00.

Judgments, adverse to the Township, would apply to the year of appeal plus at least two subsequent years. Refunds or tax credits, including statutory interest thereon, would be chargeable to operations or future budget appropriations.

County taxes paid on the reductions in assessed valuations are subject to credits against County Tax Levy of the year subsequent to the year in which appeals were adjudicated.

c. Federal and State Awards

The Township participates in several Federal and State grant programs which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the Township has not complied with the rules and regulations governing the grant, refunds of any money received may be required and the collectability of any related receivable at December 31, 2014 may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

d. Litigation

The Township is involved in claims incidental to its operation which has been referred to and are being handled by the Township's liability insurance carrier. No claims appear to be in excess of insurance coverage limits.

17. SUBSEQUENT EVENTS

The Township has evaluated subsequent events occurring after December 31, 2014 through the date of May 15, 2015, which is the date the financial statements were available to be issued. Based on this evaluation, the Township has determined that no subsequent events have occurred which require disclosure in the financial statements.

**REPORT ON INTERNAL CONTROL
AND OTHER MATTERS**

ROSTER OF OFFICIALS

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2014

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based
on an Audit of Financial Statements Performed in Accordance With *Government Auditing
Standards***

The Honorable Mayor and Members
of the Township Council
Township of Verona
Verona, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory basis financial statements of the various funds of the Township of Verona, Essex County, New Jersey (the "Township"), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated May 15, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory basis financial statements, we considered the Township's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the regulatory basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's regulatory basis financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain matters that we reported to management of the Town incorporated herein the schedule of findings and questions costs.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Contracts and Agreements Required to be Advertised per (N.J.S.A. 40A:11-4)

N.J.S.A. 40A:11-4, as amended, states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the Governing Body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to (N.J.S.A. 40A:11-3c), except by contract or agreement."

It is pointed out that the Township Council has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Township Attorney should be sought before a commitment is made.

The bidding threshold for the period under audit was \$17,500.00 in accordance with the provisions of N.J.S.A. 40A:11-3c since the Township does not have a qualified purchasing agent.

Notwithstanding N.J.S.A. 40A:11-3a, P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay to Play Law", provides that a municipality is prohibited from executing any contract in excess of \$17,500.00, on or after January 1, 2006, to a business entity that made certain reportable contributions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

The minutes indicate that bids were not requested by public advertising for the two vendors. The contracts awarded were for soil removal and custodial services.

It is recommended that:

All purchases exceeding the Township's bid threshold be advertised as required under N.J.S.A. 40A:11-4.

The minutes indicate that proposals were solicited for "Professional Services" in accordance with N.J.S.A. 19:44A-20-5.

Purchases, Contracts or Agreements Not Required to be Advertised (N.J.S.A. 40A:11-6.1)

N.J.S.A. 40A:11-6.1 states "Except contracts which require the performance of professional services, all contracts or agreements which do not require public advertising for bids and the estimated cost or price exceeds \$2,625.00 at least two quotations as to the cost or price are required. Quotations, whenever practicable, shall be solicited by the contracting agent, and the contract or agreement shall be made with and awarded to the lowest responsible bidder.

It was noted that purchases exceeding the quote threshold were made without any documentation showing that quotes were obtained.

It is recommended that:

Quotes be obtained for all purchases exceeding \$2,625.00 in accordance with N.J.S.A. 40A:11-6.1.

It was noted that an emergency purchase was made and purchases were made for specialized services above the quote threshold without an approving resolution of the governing board.

It is recommended:

That all emergency purchases and specialized service purchases be approved by the governing body.

Collection of Interest on Delinquent Taxes and Other Municipal Charges

N.J.S.A. 54:4-47, as amended, provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body, on January 4, 1999, adopted the following resolution authorizing interest to be charged on delinquent taxes, assessments and utility bills:

"WHEREAS, R.S. 54:4-66 regulates the due dates for the payment of taxes and assessments, and

WHEREAS, Chapter 105, P.L. 1965, amending R.S. 54:4-67 authorizes the municipalities to provide a grace period not exceeding ten (10) days.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Township of Verona that the Collector is hereby authorized to allow a period of ten (10) days grace from the installment due date before charging interest; after ten (10) days, interest reverts back to the due date, and

BE IT FURTHER RESOLVED that the rate of interest to be charged for the payment of taxes or assessments or sewer and water utility bills, when they become delinquent, shall be at the rate of eight percent (8%) per annum on the first \$1,500.00 of the delinquency, and eighteen percent (18%) per annum in the excess of \$1,500.00 and an additional penalty of six percent (6%) on any delinquency in excess of \$10,000.00 for the prior year.

Tests of the Tax Collector's records indicate that interest was generally collected in accordance with the provisions of the foregoing ordinance.

Delinquent Taxes and Tax Title Liens

A tax sale was held in 2014 and was complete.

Revenues

Receipts from licenses, fees, fines and costs, etc., for all departments, including the Municipal Court, were checked to the records maintained to the extent deemed necessary.

It was noted that the Public Works Office was not issuing receipts for all of their collections.

It is recommended that:

Receipts be issued for all collections made through the Public Works office.

Expenditures

A review of the purchase order system of the Township disclosed that a number of purchase orders were created after the invoice date. This could result in the Township over-expending the budget line amount.

It is recommended that:

Purchase orders requisitions be prepared before purchases are made.

Police Special Duty

A review of activity for police special duty work disclosed that fees are not being collected from vendors before the work is scheduled as required. This has resulted in the Township paying the cost for police special duty work.

It is recommended that:

That vendor's pay in advance for projects in which police officers are scheduled to provide traffic patrol duties.

P.I.L.O.T Agreements

It was noted that the PILOT agreement with the Children's Institute stated that after five years a five percent increase was to be implemented. This was not done.

It is recommended that:

The Township request the additional PILOT payment from the Children's Institute.

Dedication by Rider

Certain accounts classified herein as Special Deposits in the General Trust Fund may be subject to the provisions of Dedication by Rider, N.J.S.A. 40A:4-39.

Statutory regulations require that resolutions be adopted by the Governing Body and subsequent approval by the Division of Local Government Services for any accounts dedicated by rider to the municipal budget.

It is recommended that certain trust accounts be reviewed by Township officials for possible inclusion in the municipal budget under the provisions of Dedication by Rider, N.J.S.A. 40A:4-39.

Capital Fixed Assets

The Division of Local Government Services in the Department of Community Affairs in the State of New Jersey requires all municipalities in the State to establish and maintain sets of accounts and inventories reflecting costs of other valuations of all of its fixed assets, including land, buildings, improvements, machinery, furniture and equipment. Such accounts, to be included under "Capital Fixed Assets", would ensure complete fiscal reliability of records, establish a basis for claims of losses and other insurance purposes, augment protective measures against the misuse or theft of property and furnish data on aging, anticipated life and other information on assets. Failure to maintain fixed asset records could jeopardize the Township's eligibility for future Federal and State Grants.

Corrective Action Plan

In accordance with regulations promulgated by the Single Audit Act and the Division of Local Government Services, all municipalities are required to prepare and submit to the Division of Local Government Services a Corrective Action Plan with regard to audit deficiencies. This plan must be approved by formal resolution of the Governing Body and submitted within 60 days from the date the audit is received. A Corrective Action Plan was prepared for the 2013 audit.

Status of Prior Years' Audit Recommendations

A review was performed on all prior years' recommendations and corrective action was taken on all with the exception of the following, which is included in this year's recommendations:

General

That vendor's pay in advance for projects in which police officers are scheduled to provide traffic patrol duties.

That certain trust accounts be reviewed by Township officials for possible inclusion in the municipal budget under the provisions of Dedication by Rider, N.J.S.A. 40A:4-39.

Miscellaneous

A separate report summarizing collections of Dog License Fees and remittances of State Registration Fees was also prepared and filed with the New Jersey Department of Health and the Division of Local Government Services.

A statutory report on the operations of the Municipal Court was prepared as part of our examination and copies were filed with the New Jersey Administrative Office of the Courts, the Division of Local Government Services, the Municipal Court and the Township Clerk.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

In verifying expenditures, computations were tested on claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

Registers of fixed assets by title or account grouping are not maintained in the Water/Sewer and Swimming Pool Utility Capital Funds. The fixed capital reported on Exhibits D-14 and E-9 is as taken from municipal records and does not necessarily reflect the true condition of such fixed capital.

The propriety of deductions for pensions, withholding tax, social security and other purposes from individual employee salaries was not verified as part of this examination.

Activity of the State Unemployment Compensation Insurance Trust Fund, established for the accumulation of pertinent payroll deductions, municipal contributions and interest on deposits, appears in Section "B" of the report.

A copy of this report was filed with the New Jersey Division of Local Government Services.

A summary or synopsis of this report was prepared for publication and filed with the Township Clerk.

RECOMMENDATIONS

Purchasing

That for all purchases which exceed the bid threshold the Township advertise for those services or goods.

That quotes be obtained for goods/services exceeding the quote threshold of \$2,625.00.

Financial Reporting

That receipts be issued for all collections received by public works.

That purchase orders/requisitions be prepared prior to the purchases being made.

That the provision of the PILOT agreement with the Children's Institute be adhered too.

That vendor's pay in advance for projects in which police officers are scheduled to provide traffic patrol duties.

Dedication by Rider

That certain trust accounts be reviewed by Township officials for possible inclusion in the municipal budget under the provisions of Dedication by Rider, N.J.S.A. 40A:4-39.

The foregoing comments and resultant recommendations are not of sufficient materiality whereby they would affect our ability to express an opinion on the financial statements taken as a whole.

We shall be pleased to confer on any questions that might arise with respect to any matters in this report and to assist in the implementation of recommendations.

We desire to express our appreciation for the assistance and courtesies rendered by the Township officials and employees during the course of the examination.

Respectfully submitted,
